

REMARKS

With this Response, Applicants amend Specification to fix a typographical error. No claims are amended. No new matter is added.

TITLE AMENDMENT

Method to Provide ~~Transparent~~ **Hidden** Information In Binary Drivers Via Steganographic Techniques

Applicants respectfully request entry of amendment to correct a typographical informality to the title. The title page of the application as filed shows the fourth word of the title as “Hidden.” The Declaration and Assignments filed in the application also shows the fourth word of the title as “Hidden.” The title at the top of page one of the application, however, shows the fourth word of the title as “Transparent,” and the Notice of Allowance mailed on October 6, 2009 also shows the fourth word of the title as “Transparent.”

Therefore, Applicants respectfully request the title to be amended as shown above. The amendment is supported by the Specification. See, for example, Application Specification, “FIELD OF INVENTION” Par. [0001]. No new matter is added by this amendment.

CONCLUSION

The Examiner is respectfully requested to contact the undersigned by telephone if such contact would further the examination of the above-identified application.

The Commissioner is authorized to charge or credit any deficiencies or overpayments in connection with this submission to Deposit Account No. 02-2666, and is requested to notify us of same.

Respectfully submitted,
